SMS for this special rate.

ABOUT OUR KEYNOTE SPEAKER

"Randolf Mantooth is one of the strongest reminders of how America turned the dedicated delivery of basic emergency care into a systematic approach to EMS and Advanced Life Support. I recommend any group looking for a powerful speaker to bring Randy in for an important and enjoyable peek into the inside story of the development of the television series **"Emergency!"** and its tremendous impact on the EMS system development care into a systematic approach to EMS and Advanced Life Support."

A.J. Heightman, Editor-in-Chief, JEMS
